

Confirmation: WHITE*STAR Food Ingredients correspond to the General European Food Law Regulations

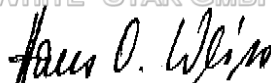

We herewith confirm that our food ingredients

- correspond to the General European Food Law Regulations (EC) 178/2002 and implemented guidelines;
- at delivery correspond to the European Regulation (EC) 852/2004 on the hygiene of foodstuffs;
- must not be labeled as genetically modified according to the European Regulations (EC) 1829/2003 and 1830/2003;
- at delivery correspond to the European Regulations (EC) 1881/2006, (EU) 2022/1370 and (EC) 396/2005 for maximum levels on certain contaminants in foodstuffs, like mycotoxins, pesticides and heavy metals;
- have not been treated with ionizing radiation at any time;
- Ethylene oxide (ETO) is not used to sterilize any equipment used in the manufacturing, nor have our ingredients been treated with gas at any time;
- are supplied in packaging which at delivery are suitable for food corresponding to the European Framework Regulation (EC) 1935/2004.

The cited EC Regulations are to be understood in the current consolidated versions.
Any amendments of this confirmation will be advised unrequested.
